

Policy Committee Information & Sign-up

MEMORANDUM

April 15, 2010

TO: County Chairmen, Commissioners, CEO, Sole Commissioners

ACCG's Policy Committee meetings are right around the corner! As elected and appointed county officials, I do not need to tell you that most issues and problems facing county government today cannot be addressed solely at the local level. Solutions to many problems are found at the state and federal levels, and that is where participation in ACCG's policy development process can help you and the citizens of your county. Through this process, we identify issues, debate options and form consensus on solutions we should pursue at the local, state and federal levels.

For ACCG to effectively represent the interests of all 159 counties, we need you to actively participate in this process. By participating, you serve your county by helping shape the Association's policies, which are advocated under the gold dome and on Capitol Hill. These policies are created for one purpose, to assist you, as local government officials, in the management of your county.

Using the form at the bottom of this page, please sign up to participate in the committee that interests you the most. **If you are currently a member of a committee, please use this form to reaffirm your choice for this year, or to join a new committee. In addition, if you are on a committee and feel that you can no longer participate, indicate that on the form.**

For a description of ACCG's six standing policy committees and information on the policy development process, please visit ACCG's website at www.accg.org . I look forward to your active participation in our association.

Sincerely,

Lamar Paris
ACCG First Vice President

Please sign up for a policy committee(s) below and return this form to Kimberly Owens at ACCG by fax 404.525.2477 or email at kowens@accg.org . This form is also available at www.accg.org to download and/or print.
