

Georgia County Internship Program

Frequently Asked Student Questions

1. Who do I submit my resume to?

Answer: Please submit your resume directly to the Internship Supervisor listed on the individual posting. If you prefer to mail your resume, please contact the supervisor to receive their mailing address.

2. What if I don't submit my resume before the application deadline?

Answer: It is the student's responsibility to submit their resume and necessary forms to the internship supervisor by the requested deadline. It is also the student's responsibility to research and meet all academic requirements.

3. Who is eligible to apply?

Answer: Undergraduate junior or senior or graduate student currently enrolled in a college/university can apply, including out of state students. For the summer 2010 program, some counties may also accept applications from sophomores or students who have partially completed their freshmen year.

4. Where can I find the Internship Application?

Answer: When applying for any internship position through the Georgia County Internship Program, you must submit a completed application along with your resume. The application can be found at www.georgiacountyinternships.org under the Student Tab.

5. How can I find an internship specific to my major?

Answer: To search for available internships, please visit www.georgiacountyinternships.org . On the homepage, under "By Keyword", students can search for any available internship within their major.

6. Can I search for an internship in a specific location?

Answer: To search for available internships by location, please visit www.georgiacountyinternships.org. On the homepage, under “By County”, students can search for any available internship within the participating county list.

7. Do I have to be currently enrolled in a college or university to apply?
